Case: 2025TC01653

Date: 6-5-2025

Incident: Warrant Service / K9 Deployment / Resisting Arrest / Use of Force

Forward to Prosecutor

On 6-5-2025 at around 5:30am Tyler Schriber was remanded at the Tippecanoe County Jail for resisting arrest.

On the above date, I arrived to 11 S Vinton Street in Lafayette regarding a warrant service. In the evening hours of June 4th, 2025 Deputy Kincaid advised he had probable cause to arrest Tanner Clugh for auto theft, criminal confinement, strangulation, and domestic battery. At 6:00pm When I started my shift for the night, I began to search Tippecanoe County for Tanner due to the seriousness of the crimes he had committed. Throughout the evening and night deputies assisted me with searching a plethora of homes in two separate counties. Deputies searched the following addresses for Tanner prior to 4:00am on June 5th, 2025:

- 11 S 2nd Street in Lafayette
- 124 S 2nd Street in Lafayette
- 11 Elizabeth Street in Lafayette
- 15 Hurley Street in Lafayette
- 69 Main Street in West Point
- 57 Jackson Highway in Tippecanoe County
- 1 S 9th Street in Lafayette
- Main Street in Delphi
- 1 Vinton Street in Lafayette

First, deputies searched 11 S 2nd Street with the consent of Colton Moore which is also where Tanner lives. There were many firearms throughout the home. Due to Tanner's violent crimes he had committed and the fact that he had obvious access to firearms deputies took extreme caution while searching the home. Tanner is known to resist law enforcement and hide / barricade from law enforcement. During a search of 11 S 2nd St. deputies were unsuccessful in locating Tanner.

Later in the night, deputies approached and searched 14 Elizabeth Street. There were 6 people present at this location. This is a known drug home. We were given permission to search the home and detached garage. While on scene we interviewed multiple people who had said that Tanner was present at this location only a few hours prior. They said that Tanner left with a male named Austin Townsley. I asked where they had possibly gone. I was told they went to West Point to a guy named Brandon Pyle's house. I know Brandon Pyle lives at 69 Main St. in West Point due to being on prior calls with him at that address. Deputies drove to this address and spoke with Joseph Buckles who advised Pyle was driving his Jeep and is at his Mother's house located at 15 Hurley Street. Deputies proceeded to 15 Hurley Street where they made contact with Kathy Pyle, Brandon's Mother. Kathy was able to determine that Brandon was in Delphi at an apartment on Main Street. Prior to checking the Delphi address, information was obtained that Tanner had connections with someone who lives at 12 S 2nd Street. Deputies made contact with a male who is the Brother of Austin Townsley. We were given permission to search the home for Tanner. We were then told that Austin lives at 14 Elizabeth Street which we had already searched.

Deputies received another tip that Tanner could be staying at 57 Jackson Highway with David Torres. Once on

scene, David was taken into custody for a writ through superior court 1. David showed me his phone where Tanner was attempting to contact him from Austin Townsley's Facebook account. David was very cooperative, and attempted to find an address for where Tanner may be. He guided us into the direction of 14 Elizabeth Street as well. David was remanded at the Tippecanoe County Jail on his warrant.

Deputies searched the Main street home in Delphi with consent from the homeowner. After concluding the search I spoke with Pyle further about Austin and Tanner. Pyle told me they may be staying with 1 of 2 people. Either Michael Montgomery or Scott Cockrum. Deputies proceeded to 1 S 9th St. where contact was made with Scott. Scott allowed TCSO deputies to search his home. He said both Tanner and Austin were not there, but they could be with a male named Michael Montgomery located at 19 Vinton Street. Deputies proceeded to this location.

Once on scene at 19 Vinton Street around 3:30am it was dark and raining very hard. This is also classified as a high crime area. I deployed my dual-purpose K9, Csupak on the back alleyway behind the home. There was a very tall privacy fence bordering the property. While Deputies knocked on the front door I observed a male matching Tanner's description quickly exit the rear of the home. The male from my viewpoint in the dark had the same height / weight and looked similar to Tanner's BMV photo. I walked around the side of the fence and made verbal contact with the man. He saw me while I was wearing a full uniform and began to run across the yard as I yelled, "Sheriff's Office STOP", and "Stop Police K9". The backyard was dark, and the surrounding street area was relatively dark. I believed Tanner may be armed due to my previous searches where we found firearms in his home. Deputies and I pursued who I believed to be Tanner. We proceeded West on Vinton Street for a few blocks. I gave multiple more K9 announcements for the male to surrender. I sent Csupak to apprehend the suspect. Csupak apprehended the suspect in the right upper bicep. The male was detained and identified as Tyler Schriber. Tyler was transported to the St. Elizabeth Hospital for medical treatment to clean his wounds. I followed Tyler to this location to speak with him further about the incident.

Tyler was mirandized by Deputy Dornan. Tyler told me that he heard me say stop, police K9 loudly at least 3 times. He said he was scared when he saw me and ran because he had a warrant out of Ohio. Tyler apologized for running from us, and said he was just scared and didn't want to go to jail due to the warrant in Ohio. Tyler said he knows he looks very similar to Tanner. It should be noted that a K9 was used due to the extreme violent nature of the crime, and possibility that Tanner was armed. Photographs of the injuries will be uploaded to Evidence.com. A use of force form will be submitted to my shift command. Once medically cleared from the hospital, Tyler will be transported to the jail by dayshift.

Supplemental Case Report
Case Number: 2025TC01653

The following narrative supplements Tippecanoe County Sheriff's Office Case number 2025TC01653 regarding resisting law enforcement resulting in a K9 apprehension. On Thursday June 5, 2025 I went with Deputy Sliger to 19 Vinton St in Lafayette Indiana. For most of the shift Deputies have been attempting to locate Tanner Clugh due to probable cause established by Deputy Kincaid in case 2025TC01652. Deputies were led to this address from tips gathered from other locations checked throughout the night. Upon arrival Deputy Sliger went to the back of the house with his K9 partner, while Deputy Dornon, Farrell and myself went to the front of the house. We made contact with Scott, who is the homeowner. Scott informed us that both Tanner and Austin were at the house earlier in the day and were hanging out by the truck by the garage. Scott said that Tanner and Austin were not allowed here. While we were speaking with Scott I heard Deputy Sliger begin making loud verbal commands to stop. I heard Deputy Sliger identify him self as a Sheriff's Deputy and gave a K9 warning.

Deputy Sliger informed us that a male who he believed to be Tanner was running towards the front of the house. At this time Deputy Farrall located the subject running and he and Deputy Dornon began to chase after him. I believed at that time that Deputy Sliger had released his K9 partner already. Due to this I ran to the porch of the house to attempt to get Scott to go back inside to avoid any accidental K9 bites. While I stayed at the house I could see Deputy Dornon, Farrall, and Sliger chasing after the male. I heard Deputy Sliger continue to make K9 announcements. I also heard Deputy Dornon telling Deputy Farrall to stop running. At that time Deputy Farrall stated multiple times "Its Austin, its Austin" indicating that the subject they were chasing was not Tanner. Shortly after hearing this I heard Deputy Sliger say on the radio 'K9 apprehension'. I remained at the house during the foot pursuit. Once the subject who ran was detained, Deputy Sliger returned to the house. I assisted while a search of the house was completed with Scotts consent. Nobody was located hiding out in the house.

At this time I had no further involvement. The above listed narrative is a summary of events, for exact sequence of events and dialog please see all body camera video related to this case. At this time this concludes my involvement in this case.

Incident: Looking For Subject

Suspects: Tanner Clugh, Tyler Schriber

Charges: Resisting Law Enforcement

BWC: Activated & Recording

Disposition: Supplemental report.

Narrative:

On 06/05/2025 at approximately 0343 Hrs, I responded to 19██ Vinton Street in attempt to locate either Tanner Clugh or Austin Townsley. Deputies had been searching for Tanner all shift for PC that Deputy Kincaid developed in case #2025T01652. Through several interviews throughout the shift it was a common consensus that Tanner was with an Austin Townsley. Tanner at one point in the night was using Austins phone to try and get a ride somewhere. It was found that Austin was living between two different houses 14██ Elizabeth street in a detached garage. This was checked earlier in the night and 19██ Vinton Street. Deputies were informed that Austin stayed at the residence at Vinton Street with a Scott Montgomery and Tyler Schriber. The dynamic was complicated but at one point Austin was in a relationship with the two separate males which is why people knew he lived at this address when he wasn't at 14██ Elizabeth St.

I made contact with the homeowner Scott Montgomery. Scott stated that no one else was home and that Austin was over earlier in the night but was told to leave. Scott advised he did not know who Tanner was. At this time I heard K9 Deputy Sliger yelling from the backyard that a male was fleeing from the back door. I ran to Deputy Sliger who advised he was going the other way. I ran back around the house and saw a white male jumping the fence. As the male hit the ground and got up to run I saw the front of the males body along with his face. I did not recognize this male and knew that it was not Tanner. Due to never seeing either Austin or Tyler in person I figured that it would be one of them. I took off on foot after the male. As I was running after the male I yelled that it was Austin several times. As I was pursuing the male on foot I heard Deputy Dornon and Deputy Sliger behind me telling me to stop so the K9 could pass. I stopped and let Deputy Sliger and K9 Csupac pass by. As I turned to make room on the sidewalk my back foot hit a rock and I lost my balance falling to the grass behind me. As I was falling is when Deputy Sliger and K9 Csupac passed. As they passed K9 Csupac lunged at me and latched on to my outer carrier. Deputy Sliger immediately grabbed Csupac and pulled him off and continued after the male. I followed behind until K9 Csupac had the male apprehended. Deputy Dornon and I detained the male who identified himself as Tyler Schriber (Ex boyfriend to Austin). Tyler was taken to the hospital for his injuries and I went back to the residence to Clear the residence with other Deputies and Lafayette Officers who where now on scene.

Tanner nor Austin were located in the residence. Deputies cleared but LPD advised they would stay in the area and watch for Tanner and Austin. Shortly Later LPD advised that Austin had returned to the residence. See Deputy Sligers report for this interview.

The above is a summary of events, see body camera footage for exact dialogue and sequence of events.

Date: 6-5-2025

Supplemental Report

This supplement is to add important facts and details about the warrant service from the early morning hours of 6-5-2025. During the warrant service, I was standing in multiple different areas along the very tall fence in the back ally of 1932 Vinton Street. Deputies Dornan, Farrell, and Sergeant Loop had approached and knocked on the front door. They advised over the radio they had made contact with a male at the front door. As this was going on I observed a white male exit the rear of the home. The male was looking around and pacing back and forth. I immediately became suspicious of this male, but was not certain it was Tanner Clugh due to the darkness / rain / and weather. It was raining and just before 4:00am and had been raining hard all night. I saw the male approach one of two detached garage outbuildings within the fence perimeter. I believed that this unknown male was going to attempt to alert Tanner who very well may have been hiding in an out building during the warrant service. It was determined that Tanner was being hidden by a male named Austin Townsley. I had a strong reason to believe that Tanner could be armed with a firearm and a danger to society at this point in time. I knew that Tanner was aware that the Sheriff's Office was actively looking for him, he had access to firearms, and he had been on the run for roughly 14 hours at this point in time. As I quickly walked with my K9 to the side of the outbuilding along Vinton Street, I observed another male attempting to hop the fence towards me and evade deputies who were at the front of the home. I had lost my visual briefly on the initial male, and was unsure if this was the same male or Tanner due to the male approaching the outbuilding. I made police announcements and gave loud lawful orders for the male to stop. The male clearly saw me and turned around to run away from me towards the front fence. I could only see the back of the male, and the male in the darkness appeared to be Tanner. He was roughly the same height and weight. I knew that Tanner had changed clothes multiple times since the original crime was committed, so the clothing description was not something I took into account. While Deputies pursued who I believed to be Tanner west on Vinton street from the home, I gave multiple loud clear K9 announcements. As I was doing this I was also yelling for Deputy Farrell to stop pursuing who I thought was Tanner so that I could safely release my K9 partner, Csupak. Once Farrell stopped the male was very far ahead of me, but Csupak was target locked onto him. Farrell attempted to yell something to me, but I could not understand what he was saying as I was in a full sprint running at that time. It should also be noted that I had strong reason to believe nobody at 1932 Vinton Street would have any reason to resist law enforcement except for Tanner who was actively evading capture from us. Due to the time of day, weather, distance, and decisions which I had to make within seconds I ultimately determined that the male running was in fact Tanner, and I determined for officer safety as well as the fact that Tanner is considered armed and dangerous that the safest possible way to take him into custody as he was actively fleeing from law enforcement was to apprehend him with K9 Csupak.

Csupak's shot records are all up to date. Csupak is currently certified as a dual-purpose K9 through instructor Leonard Popp who is a trained instructor in the state of Indiana.

Narrative/Summary:

On 06/05/2025 at approximately 3:43 AM I, Deputy Dornon, was dispatched to 19 Vinton Street to assist other deputies in locating a Tanner Clugh. On June 4th Deputy Kincaid advised he had probable cause to arrest Tanner Clugh for auto theft, criminal confinement, strangulation, and domestic battery. I assisted along with other deputies in attempting to locate Tanner in various locations throughout my shift. See Deputy Sliger's report for more information on all the locations. Deputies were led to an address of 19 Vinton Street in Lafayette to speak to a Scott Cockrum. While walking up to the front door to make contact, I observed a very tall privacy fence. I knocked on the front door several time until someone answered the front door. I observed the person to be a male and Scott Cockrum according to his BMV photo. Deputies asked Scott if Tanner Clugh was at the residence or where he knew he was at. Scott told Deputies Tanner was not here and probably was with Austin at 1411 Elizabeth Street. Deputies asked Scott if we could step inside and make sure Tanner was not there. Scott hesitated and didn't answer the question. As Deputies continued to speak to Scott about Tanner whereabouts, Deputy Sliger advised over the radio he had a male come outside in the backyard and started pacing back and forth.

I was unable to hear what Deputy Sliger stated next over the radio due to the conversation at the front door. Next, I heard loud yelling come from the back fence and ran around the east side of the residence towards Deputy Sliger. I observed Deputy Sliger with his department issued duty weapon out as he stated to me the subject ran pointing west. I ran back around the east side of the house towards Vinton Street. Once I was at the front of the house, I observed a white male in overalls and similar height and build as Tanner according to his BMV information roughly 50 yards in front of me. Deputies actively foot pursued the subject at this time. The area was dark with only one streetlight at the corner of Vinton and N 20th Street. I heard police K9 commands multiple times from Deputy Sliger on my right. Deputy Farrell was up ahead, and I heard him yell it was not Tanner and it was Austin several times. I quickly backed off this time.

Due to my training and experience with police K9's I yelled at Deputy Farrell to get out of the K9's way so he would not get accidentally get bit. Deputy Farrell stopped and attempted to get out of the way but slipped and fell. Once Deputy Sliger had passed Deputy Farrell, I continued behind Deputy Sliger. I overheard Deputy Sliger state on the radio he had a K9 apprehension. A few seconds later, Deputy Farrell and I detained the subject who ran in my department issued handcuffs. Medics were called to the scene. The subject was later verbally identified as Tyler Schriber. I mirandized Tyler on scene at this time and asked him if he knew where Tanner was. Tyler told me he hasn't seen Tanner in 2 weeks and probably was with Austin. Dispatch advised Tyler was wanted on a warrant out of Ohio but was non extraditable. Medics arrived on scene, and I followed the ambulance to the hospital.

While at the hospital I spoke with Tyler further about the incident. I told Tyler we believed at the time that he was Tanner. Tyler told me he understood and said that he looks like Tanner. I took photographs of the dog bite to Tylers upper right arm with my department issued cellphone and uploaded the photos up to Evidence.com. Deputy Sliger arrived on scene and spoke to Tyler further about the incident.

The following is a summary of my investigation into this matter. The statements provided in this summary narrative

should not be considered verbatim statements and are in fact summaries. Please see available recordings of various statements obtained for complete workings, actual dialogue, and sequence of events.

AFFIDAVIT OF PROBABLE CAUSE

Affiant, being duly sworn upon their oath, states that he/she is a law enforcement officer with the Tippecanoe County Prosecutor's Office, that he/she has examined the reports filed by Deputy Sliger, Tippecanoe County Sheriff's Department, among other things that he/she investigated or arrested Tyler Ray Schriber on or about June 5, 2025 for the offenses of:

RESISTING LAW ENFORCEMENT; RESISTING LAW ENFORCEMENT; RESISTING LAW
ENFORCEMENT

As more fully set forth in the reports for Agency/Case #2025TC01653, copies of which are attached hereto. Affiant believes the information and statements provided by the officer are credible and reliable as such statements and information was/were based upon firsthand knowledge of the incidents recounted in such statements and detailed in the above-referenced police reports. Affiant believes Deputy Sliger is/are credible and reliable for the reason that he/she/they are law enforcement officers in Tippecanoe County, Indiana, and because his/her/their reports were made in the course of his/her/their investigations into the commission of crimes committed here in Tippecanoe County, State of Indiana.

Affiant swears under penalty of perjury as specified by Indiana Code 35-44.1-2-1, that the foregoing representations are true.

INFORMATION OF RESISTING LAW ENFORCEMENT
(Class A Misdemeanor)

The Prosecuting Attorney or his Deputy for the Twenty-third Judicial Circuit of the State of Indiana, being duly sworn on his/her oath or having affirmed, informs that:

On or about June 5, 2025, in Tippecanoe County, State of Indiana, Tyler Ray Schriber did knowingly or intentionally flee from Deputy Sliger after said officer, by visible or audible means, identified himself/herself and ordered Tyler Ray Schriber to stop;

All of which is contrary to the form of the statute in such cases made and provided, to wit: I.C. 35-44.1-3-1(a)(3), and against the peace and dignity of the State of Indiana.

IN THE TIPPECANOE SUPERIOR COURT 7 COUNTY OF TIPPECANOE, INDIANA

Plaintiff,

STATE OF INDIANA

Case No. 79D07-2509-CM-001681 v.

Defendant.)

TYLER RAY SCHRIBER

MOTION TO COMPEL DISCLOSURE OF EXCULPATORY AND IMPEACHMENT EVIDENCE (BRADY/GIGLIO)

COMES NOW the Defendant, Tyler Ray Schriber, pro se, and respectfully moves this Court to compel the State to disclose all evidence favorable to the Defendant or impeaching the State's witnesses in this case, pursuant to Brady v. Maryland, 373 U.S. 83 (1963) and Giglio v. United States, 405 U.S. 150 (1972). In support of this Motion, Defendant states as follows:

I. LEGAL AUTHORITY

It is well-established that the prosecution has a constitutional duty to disclose to the defense any evidence that is favorable to the accused and material to either guilt or punishment. This duty encompasses not only evidence that affirmatively exonerates the defendant, but also evidence that can be used to impeach the credibility of the State's witnesses. See Brady, 373 U.S. at 87; Giglio, 405 U.S. at 153-55. Moreover, this duty extends to evidence known to law enforcement officers and others acting on the State's behalf.

II. FACTUAL BACKGROUND

This case presents contested issues of probable cause and the legality of a warrantless home search involving a K9 unit, making full Brady/Giglio disclosure particularly critical. The defense has identified significant discrepancies and omissions in the officers' accounts of the incident, which indicate that exculpatory or impeaching material likely exists. Notably:

1. Conflicting Officer Accounts: Sergeant Loop and Deputy Farrell have given directly contradictory statements about a key fact. Sgt. Loop's report claims that the homeowner at the scene indicated he knew the suspect (implying the suspect "Tanner" had been at the home earlier). By contrast, Deputy Farrell's report states that the homeowner explicitly denied knowing who Tanner was prior to the police entry. One of these accounts is false. If Sgt. Loop exaggerated or fabricated the homeowner's purported familiarity with the suspect, that falsehood bears on his credibility and the validity of the probable cause affidavit.

2. K9 Deployment Without Prior Consent: The records in this case suggest that officers deployed a police K9 to apprehend the suspect on private property before obtaining the homeowner's consent to enter. It appears that consent to enter was only sought (or given) after the K9 had already located and bitten the suspect. Officers who have omitted or misrepresented this timeline in their reports or testimony have

created a serious matter. Any evidence showing when consent was actually obtained relative to the K9 deployment – for example, dispatch logs or body-camera footage that timestamp the K9's release and any later consent – must be disclosed.

3. Omissions from Probable Cause Affidavit: There are indications that the probable cause affidavit omitted important facts known to the officers that would have undermined a finding of probable cause. For instance, if officers knew the suspect's name was "Austin" and not Tanner, or that the suspect was recognized by the homeowner and explained to officers who the runner was in live time; but these facts were left out of the affidavit, those omissions are material. Any documents or communications showing that officers were aware of such facts but did not disclose them must be disclosed.

III. SPECIFIC MATERIALS SOUGHT

To facilitate compliance with Brady and Giglio, Defendant requests that the Court compel the State to disclose, without delay, the following categories of evidence:

1. **Officer Disciplinary and Credibility Records:** Any records of past misconduct, disciplinary actions, or credibility concerns for Sgt. Loop, Deputy Farrell, or other law enforcement officers involved in this case.
2. **Contradictory Statements or Evidence:** All evidence that contradicts or casts doubt on the officers' narrative or timeline. This includes any admissions of false reporting, dishonesty, or violations of departmental policies.
3. **K9 Deployment and Use-of-Force Documentation:** Any documents relating to the timing of the K9 use, including K9 unit logs, after-action reports, or internal reviews of the incident.
4. **Communications and Dispatch Logs:** Complete copies of dispatch/CAD logs and radio traffic recordings for the time period of the incident, as well as any inter-officer communications (emails, texts, etc.).
5. **Any Other Exculpatory/Impeaching Information:** Any information in the State's possession that is favorable to the defense or tends to undermine the State's case.

IV. DUTY TO DISCLOSE AND MATERIALITY

The requested disclosures are material to the defense and necessary for a fair adjudication of this case. The credibility of the involved officers and the legality of the search/seizure are at the heart of Defendant's defense strategy. Evidence that an officer lied or omitted critical facts would severely undermine the prosecution's case.

V. REQUEST FOR EXPEDITED RELIEF

Time is of the essence. Defendant has pending a Motion to Suppress and a Motion to Dismiss, both of which are influenced by the above-discussed issues. Therefore, Defendant asks that the Court set an

expedited deadline for the State's disclosure – ideally, immediately or at least before the next hearing date – and that the Court conduct a prompt in camera review if necessary.

WHEREFORE, the Defendant respectfully requests that this Court grant this Motion to Compel and order the State of Indiana to disclose immediately all exculpatory and impeachment evidence as described herein, and for all other just and proper relief.

Dated: November 7, 2025 Respectfully submitted,

/s/ Tyler Ray Schriber

STATE OF INDIANA) IN THE TIPPECANOE SUPERIOR COURT 7
COUNTY OF TIPPECANOE COUNTY) CASE NUMBER: 79D07-2509-CM-001681

IN RE: EXPUNGEMENT/SEALING OF RECORDS
OF ARREST, CRIMINAL CHARGES, OR
JUVENILE DELINQUENCY ALLEGATIONS OF:

TYLER RAY SCHRIBER

ORDER PENDING EXPUNGEMENT

Pursuant to Indiana Code Section 35-38-9-1(b), the records of arrest, criminal charges, or juvenile delinquency allegations in the above-referenced cause are hereby ordered expunged due to the following:

- ☒ 1. All criminal charges or juvenile delinquency allegations pending against defendant/juvenile have been dismissed. I.C. 35-38-9-1(b)(1); or
- ☐ 2. Defendant was acquitted of all charges, or the defendant's conviction was later vacated; or if in a juvenile proceeding, a court found all allegations not true, or the juvenile's true finding(s) was later vacated. I.C. 35-38-9-1(b)(3).

Absent a continuance granted to the State, the expungement shall become effective 60 days from the date of the dismissal, acquittal, or no true finding. Following the expiration of the 60 days, or when the time set forth in the continuance expires, the Court will issue a separate order finalizing the expungement.

SO ORDERED ON THIS THE 7TH DAY OF NOVEMBER, 2025.
